This is Your Club Too!

Over the last few months we have had a number of people approach us about all the things that are wrong with the Club. At the same time – a number of people new to the club have remarked on how wonderful it is and that they have never seen a club like our anywhere. Like all of you – we are a work in progress. Our primary purpose is to provide a meeting place for those seeking recovery. We welcome your suggestions and even more – we welcome your support to make us better and better. Get involved!
